## PRINCIPAL'S / SCHOOL IMPROVEMENT COUNCIL REPORT

The 2000 - 2001 school year was a year of transition from the old to the new. Teachers competed with construction equipment for the student's attention, but with the completion of the new building, many new programs and activities will be possible for the first time. The new East North Street Academy of Mathematics and Science now has room to grow.

The old East North Street Academy did very well. We won a national award from the Magnet Schools of America, two state awards for business partnerships with Ikon and MCI, and several art awards. We reached our goal of one computer for every four students. All classrooms now have four or more computers.

New software was added. The A+ math software and the Sequoyah language arts software were added to class sets of CD-ROMS. Over 60 new computers have been ordered for next year.

The 21st Century Learning Center continues to have the highest participation in the district. All have enjoyed the visits to our school from the Greenville Symphony and Roper Mountain Science Center.

This year was the year of partnership. Students raised \$2,500.00 with Jump Rope for Heart, the PTA had 100% membership, and the faculty contributed \$5,000.00 to the United Way. The business community gave us over 100 tutors. Ikon, MCI, State Farm, Bell South Pioneers, and First Union Bank were fantastic.

We look forward to a new beginning for a proud school rich in tradition.
